

CEILING EXHAUST FANS SERIES

PRODUCT INFORMATION

Ceiling exhaust fans are designed to ventilate spaces by removing stale air, moisture, and odors. They are commonly used in various settings such as bathrooms, kitchens, laundry rooms, and other enclosed areas that require proper air circulation. The fan body is made of high-quality metal and plastic, providing durability and reliable performance. It is designed for simple operation and efficient ventilation in daily use. The motor is thermally protected for added safety and long-lasting operation.

BENEFITS

- Improved Air Quality.
- Preventing Condensation.
- Enhanced Comfort.
- Energy Efficiency.
- Health Benefits.
- Preserves Structural Integrity.

FEATURES

- Ultra Silent.
- Anti UV grille.
- Easy installation.
- High performance.
- Body color: White+Black.
- Voltage / Frequency: 220 -240 - 50/60 Hz.

ARE AS OF APPLICATION

Residential Areas

Commercial Spaces

Healthcare Facilities

Educational Institutions

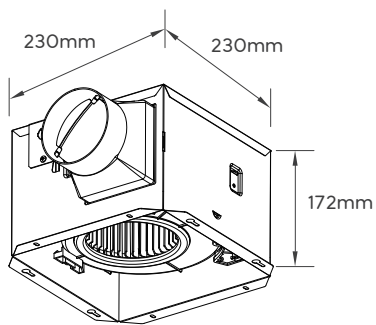

PRODUCT SPECIFICATIONS, TECHNICAL OPERATING & ELECTRICAL DATA

Product Name	CodeNo.	Model No.	Duct	Air Flow (CFM)	Power	Cutting Size
Ceiling exhaust fans 100 CFM	LI71200645	HYP-EF-100	4	100	29W	240x270mm
Ceiling exhaust fans 150 CFM	LI71200646	HYP-EF-150	6	150	44W	292x325mm
Ceiling exhaust fans 240 CFM	LI71200647	HYP-EF-240	6	240	70W	292x325mm

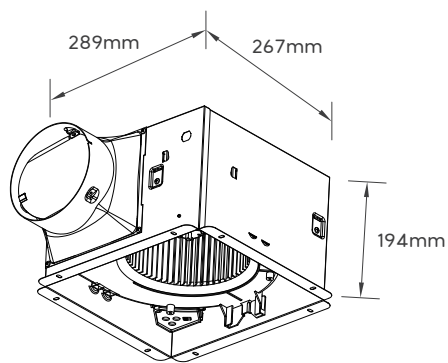

GRILL
